# MEET OUR JUDGE

Classically trained, German Expressionist artist Samuel Parker conveys personality in his portraits. Through layers of color and whimsical brush strokes the viewer discovers a new element of soul that perhaps did not know existed.

Coming from a long line of artists he honors his ancestors by dedicating his life to the Arts.

“I am an artist who sees the beauty in all of God’s creation and I see diversity as a celebration of heart and what makes us different is evident of soul.”

Sam had a solo show at The Wass back in 2024, and has continued his creative journey by making new work and entering shows. He has also taken on commissions and regularly exhibits, mainly around the Fort Wayne area so be sure to follow him on social media to see what he’s up to next!

*Thank You Sam*
